“CITY ORDINANCE”

“ORDENANZA MUNICIPAL”

Houston City Ordinance Section 28-39 (a) states "It shall be unlawful for any person to place or cause to be placed, whether by posting, nailing, pasting, gluing or the use of any cohesive substance or in any manner whatever, any advertising sign, poster, political advertisement, gummed label, bumper sticker, or any other advertising matter whatever on any utility pole, tree, fence, fire hydrant, street light standard, traffic light standard, stop sign or other traffic directional sign standard, or on any other structure of any kind whatsoever located in the public streets, sidewalks, alleyways, easements, public property, or any other public place in this city."

“NOMINATION COMMITTEE”

“COMITÉ DE NOMINACIÓN”

The time of the annual elections of your Civic Club Officers is arising. So if you are interested in being part of the Nomination Committee please advise me at our upcoming meeting.

The appointed committee are to call each member to inquire if they are interested in becoming an officer or if they are okay with the current selection of officers to remain for the upcoming year. The Nomination Committee will have November and December to handle this task.

Then the elections should take place in January 2011.

El tiempo de las elecciones anuales de su mesa de Club cívico está surgiendo. Así que si estás interesado en formar parte de la Comisión de nombramientos por favor informarme en a la próxima reunión.

El Comité designado deben llamar a cada miembro a preguntar si están interesados en convertirse en un oficial o si están bien con la selección actual de oficiales para permanecer durante el próximo año.

El Comité de nombramientos tendrán en noviembre y diciembre para manejar esta tarea. A continuación, las elecciones deben tener lugar en enero de 2011.

Message from John Parkinson, PL Propylene

Tues. 11/2/2010

I am very pleased to report that the PL Propylene plant is officially up and running! Propane feed was safely and successfully brought in to the reactors at 11:25 am yesterday. We are still in the early stages of getting the plant lined out but overall it is running reasonably well. Our production rate is low at 20,000 pounds per hour as we follow the temperature guidelines required to break in the new catalyst. We will be working over the next 30 days to gradually increase the production rate and bring the plant up to full capacity. We greatly appreciate all of the support we have received throughout our project from our neighbors and are very excited to an operating facility.

Thanks,
John
